What happened in NOISE.

I think it's time to tell all of you commy-freaks, what really happened in NOISE.

For about 6 weeks ago some guys left us to join DOMINATORS. I said some guys and not all of us. We are not dead as you might think. We are 9 old NOISE-members left, and a guy from Bones/Crazy joined us 2 weeks ago. His name is DRAX (a musiccomposer). We havn't had the time to make a demo to tell you what really happened, but another group did (I'm thinking of IKARI!) , and we are still good friends with the former NOISE-members (now in DOM). I'd also like to send a note to Bones/Crazy: You said that we havn't got the best coders here in denmark. Well, we know that, but if you think that you are the best group in Denmark, then you wrong!!! Just try to beat us Bones/Crazy!!! By the way, IKARI are-wrong if they think GORDON (now SCORTIA/2000 AD) left us on his own will. He didn't, we dropped him! (No hard feelings, SCORTIA). Here at last, we need a few more swappers here in NOISE, because we only got one. So if you are interested, then contact: TIGER/NOISE

See you at the Zargon/Ikari party.

WELCOME RALF!!!

DOMINATORS

This story tells what happened in DOMINATORS from the beginning of the year 1989 until this date.

Left us.

In the beginning of January we got a new member called MAGIC. He should trade by modem. We had some troubles with the cooperation between ROOZE & the rest of DOMINATORS. ROOZE then decided to leave us and start a new group. When he left us, he took ZOOLOOK our cracker, MAGIC and 2 amiga members with him. They started a group called : CHANNEL 42. SCORPIO/STARION and JCH then joined them. We then had a BIG problem. We had no cracker anymore!!!!!!!

Some Noisers joined.

We decided to take some new members into our group. We took 6 NOISE members with us. They were: PANTHER(crack, code), MACRO NIT(crack, swap), TRICKET(crack, code, swap), MAZE(code, swap), STEEL(train, swap), MASON(train, swap). But then we had a new problem. We had too many games to crack!!! Our new crackers couldn't manage to crack all the games we got!!! We decided to throw STEEL & MASON out of DOMINATORS, because they were UNCOOL!!!

More new members!!!

The newest thing that happened is that DDL has joined DOMINATORS!!! They were 6 members. Their names are: DOGFRIEND(crack, swap), SLIDER(swap, producer of the mag called "BUSINESS"), ANIMAL(swap, code, modem trade), GOLFMAN(code), GROOVER(swap, code), WAR PACK(swap).

Our new member list looks like this.

MARTIX, VIKING, COSMO, BLAZE, K. KID, TRICKET, PANTHER, MAZE, MACRO NIT, DOGFRIEND, ANIMAL, SLIDER, GOLFMAN, GROOVER, WAR PACK.

For modem trade call: +45-3732370 (JESPER)
